

**Panel on Public Service**  
**Follow-up to meeting on 20 January 2003**

**Voluntary Retirement Scheme**

- (a) (i) & (ii) Statistics on the number and rank of VR takers and deleted posts by department/bureau are at Annex 1. As there have been redeployment of general grade and common grade staff among departments, the number of VR takers in a department may not be the same as its number of deleted posts but the total number of VR takers compared to the number of posts deleted within the civil service is the same.
- (iii) Statistics on posts vacated by VR takers which were subsequently filled by promotion between 1 January 2001 and 31 December 2002 are at Annex 2.
- (b) The savings in annual salaries under the first VR Scheme is \$1458 million. After deducting cost for service delivery through non-civil service means, the net savings for the first VR Scheme is \$774 million per year.
- (c) 2672 VR takers had five or less than five years of active service before reaching normal retirement age and the total amount of VR payment is about \$384 million.

### Number of VR takers and deleted posts (breakdown by bureau/department)

Dept	Grade	Rank	No. of Approved Applications	No. of Posts deleted/ to be deleted under VR exercise
