Dear Miss Tai,

**Select Committee to inquire into the handling of the

I refer to your letter of 15.3.2004. The draft verbatim transcript is now returned to you, with corrections marked at page 2 and 27. Please note that my proofreading of the draft verbatim transcript cannot be taken as endorsement of its accuracy, the accuracy of which remains the prerogative of the Select Committee.

As requested, enclosed please find a copy of the inspection list of our Infection Control Team during 31/3/03 to 10/4/03. I would also like to inform you that the ward managers did not keep a record of how many infected health care workers had attended the infection control lecture organized in March, 2003.
