Re. Invitation for Submissions

Thank you for your invitation.

A few colleagues and I are contemplating a submission. We are disappointed with the short duration of public consultation – less than 18 days, which is only slightly longer than the two weeks your panel takes to form.

In this connection, I would also like to enquire if access to information and data will be facilitated and expedited.

Yours truly,

Dear Mr Lui,

Thank you for your letter of 13 June.

I am afraid that due to the short time frame for the Review Panel to complete the review, longer duration of consultation has not been arranged.

We can expedite supply of information, if record of such already exists.

Thank you for your interest to make a submission.

Yours sincerely,  
Judith SIU  
Secretary,  
HA Review Panel  
on SARS Outbreak
