

Select Committee Question 27(16)

- 16. Whether the question of hospital closure had ever been raised within HA, with the HA Board/Board members or senior management of HA during the SARS outbreak.**

The question of closure of PWH had not been raised with the HA during the SARS outbreak. However, there were discussions and decisions on service re-arrangement for A&E services and SOPD services because of a significant number of health care workers fallen ill in the PWH.
