Dr. Ko Wing Man
Secretary for Food and Health
Food and Health Bureau
18/F., Central Government Offices
2 Tim Mei Avenue
Tamar, H.K.

Dear Dr. Ko,

Re: Strong objection to written orders requirement for drug purchase

Despite widespread objection by the medical community, the Government has ignored the private doctors and community pharmacists' feelings and is going ahead with the controversial requirement to use written methods for drug purchase and soon to be put into law or code of practice by the Government. I and the undersigned doctors in private practice do ask you as Secretary for Food and Health to heed the call of colleagues in our objection to this requirement which adds nothing to drug safety but create a great fuss and delay in drug acquisition in private clinics.

Thank you for your attention.

Yours Sincerely,
Ho Ock Ling
