

Panel on Health Services

List of follow-up actions

(Position as at 13 June 2014)

Subject	Date of meeting	Follow-up action required	Administration's response
1. Regulation and control of pharmaceutical products in Hong Kong	31 March 2009	The Administration was requested to provide the revised checklist used by the inspectors of the Department of Health ("DH") when conducting inspections on pharmaceutical manufacturers once they were finalized.	The Review Committee on Regulation of Pharmaceutical Products in Hong Kong recommended DH in January 2010 to upgrade Hong Kong's current Good Manufacturing Practices ("GMP") licensing standards by a phased approach to the international standards promulgated by the World Health Organization and Pharmaceutical Inspection Co-operation Scheme ("PIC/S"). On DH's invitation, PIC/S conducted a gap assessment between the standards of GMP and PIC/S in end-2010. DH procured a consultancy service in July 2012 for advice on upgrading the current GMP licensing standards to PIC/S standards. It is expected that the consultancy will be completed in 2014. The inspection checklist will be revised in accordance with the advice of the consultant and submitted to the Panel once available.

Subject	Date of meeting	Follow-up action required	Administration's response
<p>2. Creation of new directorate posts in DH</p>	<p>11 April 2011</p>	<p>The Administration was requested to report on a quarterly or bi-annual basis the progress in taking forward the recommendations of the Review Committee on the Regulation of Pharmaceutical Products in Hong Kong after the establishment of the Office on Drugs.</p>	<p>The Assistant Director (Drug) and one Chief Pharmacist posts were created on 1 and 14 September 2011 respectively for the setting up of the Drug Office to take forward the recommendations of the Review Committee on the Regulation of Pharmaceutical Products in Hong Kong ("Review Committee").</p> <p>The Administration consulted the Panel on 18 November 2013 in relation to the legislative proposals to implement some of the Review Committee's recommendations, which sought to enhance the regulation of pharmaceutical products. The Administration also attended special meetings of the Panel respectively on 10 December 2013 and 10 February 2014 to exchange views with deputations and Members on the legislative proposals.</p> <p>The Administration introduced the legislative proposals, i.e. the Pharmacy and Poisons (Amendment) Bill 2014, into the Legislative Council on 26 March 2014. At the House Committee of the Legislative Council on 28 March 2014, Members formed a Bills Committee to study the Bill.</p>
