Clearwater Bay Road,
Sai Kung, Kowloon, Hong Kong.
Tel: (852) 2719-1995

18th January 2016

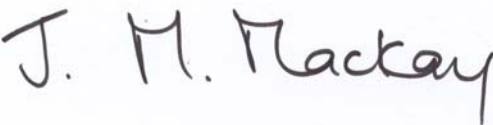

Subcommittee on Smoking (Public Health Ordinance)
(Amendment of Schedule 2) Order 2015
For Meeting on 25th January 2016

Re: (ii) expansion of no smoking area to 8 bus interchange at tunnel portal areas

The Asian Consultancy on Tobacco Control strongly supports the proposal to extend Hong Kong's smoke-free areas to include the bus interchanges, in keeping with government's public health policies. This will have the immediate effect of:

- a) Protecting non-smokers from the dangers of second-hand smoke
- b) Standardising smoke-free areas in transport areas

Yours sincerely,

Dr Judith Mackay, SBS, OBE, JP, FRCP(Edin), FRCP(Lon)
Director, Asian Consultancy on Tobacco Control

Senior Advisor, World Lung Foundation
Senior Policy Advisor, World Health Organization
