Dear Raymond,

**Supplementary Information on Number of
Corruption Complaints relating to Tender-Rigging
in Building Renovation Works**

I refer to Item 7 in the list of follow-up actions attached to your letter of 28 February 2017. ICAC's response is as follows:-

"The number of corruption-related bid-rigging complaints relating to building renovation in 2016 is as follows:

Year 2016	No. of corruption-related bid-rigging complaints ¹	No. of complaints classified as pursuable
Building renovation works	16 ²	10

¹ Bid-rigging is defined in section 2(2) of the Competition Ordinance, Cap. 619. Corruption-related bid-rigging complaints refer to complaints in which the complainants either specifically allege bid-rigging or provide information fitting within the meaning of bid-rigging.

- 2 -

² Six of the complaints were classified as non-pursuable for the reasons that the information provided was too nebulous or tenuous and the complainants remained anonymous which rendered clarification not possible."

Yours sincerely,

(Joe LEE)
