take effective enforcement actions against irregularities, the Administration should draw up clear definitions in the relevant legislations (such as the Buildings Ordinance (Cap. 123) and the Building Management Ordinance (Cap. 344)) to differentiate "sub-divided units" from "cubicle apartments" and other accommodations.

In particular, the Administration should accord priorities to reviewing the planning standards in relation to child care services, kindergarten places, caring services for the elderly, public open space and parking spaces. Dr Hon Helena WONG opined that the current piecemeal approach of separately reviewing specific standards and guidelines in HKPSG as and when necessary was not adequate.

*Note: The Administration has advised that topical reviews of specific standards and guidelines in the HKPSG are conducted by individual bureaux and departments ("B/Ds") as and when necessary, taking into account the concerned B/Ds' latest relevant policies and development requirements. Examples include the HKPSG standards for whole-day and half-day kindergartens revised in 2018 following the promulgation of the Free Quality Kindergarten Education by the Education Bureau.
