HON Chan Kin-por, GBS, JP
Chairman of the Finance Committee
Legislative Council

5th November, 2020

Dear Chairman Chan,

Re: Item FCR(2019-20)27

I am writing to inquire about item FCR(2019-20)27 concerning studies related to artificial islands in the Central Waters. Given the fact that the proposed reclamation will be covering the Central Waters near Sunshine Island and Hei Ling Chau, where the globally-endangered and endemic Bogadek's burrowing lizard were recorded in previous studies, there are concerns that the proposed works will potentially affect this lizard and other wildlife on these two conservation important islands. Consequently, please kindly pass on the following questions to the government for their response before the item is discussed in the Finance Committee.

1. Please provide the number of ecological surveys conducted by AFCD on Sunshine Island and Hei Ling Chau for each of the years 2015 to 2019 (inclusive):
